- D. "Equivalents" are defined in the requalification section of this policy.
- E. Different certificates will qualify towards EIP based on the certificate's degree of difficulty, hours required for completion, and the recommendation of the Department Director. Attachment A lists specific certificates and licenses, and the respective EIP points that qualify for EIP.

## **V. REVIEW PROCESS FOR CERTIFICATIONS**

The following review process will be used for assessing how a certification, other than a college course, will count towards EIP:

- A. Where possible, the formula found in the "Equivalents other than college units" section of this article will be used to evaluate the degree to which the certificate counts towards EIP.
- B. If it is possible to obtain, the Human Resources Manager will contact the agency awarding the certificate and request a statement describing the number of preparation and/or course hours needed to obtain the certificate. This statement will then be converted to formula hours.
- C. In the event a determination cannot be made using paragraphs A and B listed above, the employee will make a recommendation to their Department Director and to the Union President or in the absence of the Union President, the Vice-President. This recommendation by the employee shall be in writing and shall include the degree to which the employee feels the certificate should count towards EIP and the justification for such.
- D. If these two (2) individuals agree with the employee's recommendation or if they both agree with a modified recommendation, they will present such to the Human Resources Manager for final determination.
- E. The Human Resources Manager, if he/she concurs with the recommendation, will see that such certification is counted towards the employee's EIP.
- F. If the Department Director and Union President cannot agree on a recommendation, the Human Resources Manager will, with both parties present, conduct an informal hearing and allow both individuals to state their recommendation along with appropriate justification. The Human Resources Manager may decide to choose one of the recommendations presented or a modification of such. The decision of the Human Resources Manager will be final.
- G. If both the Department Director and the Union President agree on a recommendation which the Human Resources Manager cannot endorse, the Human Resources Manager will explain

his/her justifications and attempt to get the parties to modify their recommendation. If agreement cannot be reached the issue will be presented to the City Manager for determination.

- H. If the employee is not satisfied with the decision of the City Manager, the employee may file a grievance pursuant to the grievance procedure contained in the AFSCME MOU. The grievance will be advanced to the final step in the grievance process as the City Manager review has already taken place.

## **VI. PROGRAM QUALIFICATIONS AND GUIDELINES**

The following qualifications and guidelines exist to help administer this program:

- A. An employee must have completed his/her initial probation before being eligible for this program. Employees on probationary status as a result of promotions shall be deemed eligible under this program.
- B. The employee must demonstrate that the course or degree being sought and being considered for the EIP program will be directly related towards enhancing the employee's present job skills or future promotional opportunities within City. The Human Resources Manager will make this determination after discussions with the employee and the Department Director. The burden of proof as to job relatedness of specific educational levels shall be upon employee. In addition, courses required as part of a degree program will also be considered.
- C. Employees should contact their Department Director prior to enrollment in a course or class to receive confirmation that such a class would qualify for this program. The Department Director will contact the Human Resources Office to receive confirmation that a specific course or certification qualifies for EIP.
- D. Upon Department Director approval, City will make every effort to reasonably accommodate employee course schedules provided employee workload, overtime budgets, etc. are not adversely impacted.
- E. All attendance and participation in this program will be on the employee's own time and at their own expense.
- F. The tuition reimbursement program is a separate benefit contained in the MOU and employees may have the option of using the tuition reimbursement program towards the attainment of their education or professional development goals. Use of the tuition reimbursement program by the employee will not violate any provisions of this article.
- G. To qualify for this program, the employee must complete the course(s) with a passing grade of "C" or better. If grades are not assigned, the employee must provide other written certification which demonstrates that the employee has successfully passed the course or obtained certification.
- H. Payment of EIP will be effective on the first day of the payroll period following the date of the college degree, course certification, etc., provided the employee has made a timely request to the Human Resources Manager for such pay. In no circumstances will payroll periods be split to match the exact date appearing on the degree or certificate.
- I. EIP is based upon education which is in addition to the regular requirements of the job as stated on City's adopted job description. Employees should refer to each specific job description for the minimum educational requirements. These educational requirements are used as the starting point for EIP calculations.

## **VII. DOCUMENTATION OF EDUCATIONAL ACHIEVEMENT**

- A. City will provide an EIP Program form to be kept in the employee's personnel file to track the employee's participation in this program.
- B. Evidence of successful completion of a degree, course or certificate shall consist of a diploma or certificate indicating the major field of study along with a copy of college transcripts.
- C. The employee is responsible to furnish in a timely fashion all necessary documentation to the Human Resources Office.

## **VIII. TERMINATION OF EDUCATIONAL INCENTIVE PAY**

- A. EIP shall be terminated at such time as the employee receiving EIP is promoted to or otherwise placed in a position requiring the educational level which the employee already possesses or a higher educational level.
- B. In cases where a promotion would cause an employee to lose their EIP due to a reclassification, the employee will receive a new base salary equal to or greater than an amount five percent (5%) above their old base salary and EIP combined.
- C. EIP will also be terminated when an employee fails to requalify as per the guidelines outlined in this policy.
- D. Once an employee fails to requalify, they will lose their EIP until such time as they have completed the outlined requalification requirements. At such time, the employee will then be able to return to the EIP level they enjoyed before they failed to requalify.

## **IX. REQUALIFICATION PROCESS**

Requalification for continued receipt of EIP shall be training sessions provided by the City during each year of the contract as identified by the Human Resources Manager.

## **X. EMPLOYEES PREVIOUSLY ON LONGEVITY**

- A. Effective October 1, 1989, the City's Longevity Pay Program will be replaced entirely with a special EIP for only those employees still on the Longevity Pay Program as of that date. The terms of this special program will be as follows:
  - i. All eligible employees shall be converted to the special EIP program at the same pay as they enjoyed under the Longevity Pay Program. No employee will be allowed to begin receiving longevity pay who is not already receiving such pay prior to October 1, 1989. This special EIP Program assumes that these employees will continue to requalify under the City's existing EIP program guidelines for continued receipt of EIP.
  - ii. An employee previously on the longevity pay program may use this special EIP program or they may convert at any time they choose to the regular EIP program outlined in this article. This is a one-way conversion. Once an employee elects the regular EIP Program, he/she may not return to this special EIP Program.
  - iii. Employees covered under the previous longevity program may advance on their anniversary date to the various pay levels of five percent (5%) after ten (10) years

service, seven- and one-half percent (7.5%) after fifteen (15) years of service, and ten percent (10%) after twenty (20) years of service. Advancement is based upon the assumption that these employees will continue to requalify under the City's existing EIP program guidelines for continued receipt of EIP pay.

- B. Once an employee fails to requalify, they will lose their EIP until such time as they have completed the outlined requalification requirements. At such time, the employee will then be able to return to the EIP level they enjoyed before they failed to requalify.
- C. Employees previously on the City longevity program who do not wish to continue to requalify annually may make a one-time decision to freeze their percentage benefit at its current rate.

**RATIONALE FOR ASSIGNING POINT VALUES**

In general, certification/license requirements were equated to college units by using our standard formula of three (3) college semester units = forty-eight (48) hours of class time = three (3) EIP points. None of the organizations listed above offered standard Continuing Professional Education (CPE) credits for the certifications/licenses, however, employees may take preparatory courses at institutions which do offer CPE credits. If such credits are offered, they count toward EIP, with one (1) CPE credit being equal to one (1) college semester unit.

EIP credit may also be given for home study which is *not* related to a preparatory class, provided that the employee keeps a detailed written log showing the hours of study and the specific topics studied.

For certifications which accept college courses or degrees in lieu of experience, employees will receive credit for the courses/degree under Section IV of the EIP Program.

**Real Estate License**

TRANSPORTATION REGULATIONS**

EFFECTIVE DATE: November 3, 1997  
REVISED: July 1, 2003

Effective January 1, 1996, the City of Morgan Hill must comply with the United States Department of Transportation regulation implementing the Federal Omnibus Transportation Employee Testing Act (OTETA) of 1991. OTETA requires the City to establish alcohol and drug testing programs to help prevent the misuse of alcohol and drugs by drivers of commercial motor vehicles. Keeping in mind the basic objectives stated in the City of Morgan Hill Policy on Substance Abuse, which went into effect September 26, 1989, the City has established the following alcohol and drug testing procedures and program in compliance with the OTETA, hereafter referred to as "the program".<sup>1</sup>

Employees covered by this program are subject to pre-employment, cause, and random testing, and may be subject to post-accident, return-to-duty and unannounced follow-up testing. The testing procedures use an evidential breath test (EBT) device for alcohol testing. For drug testing, urine specimen collection and testing by a laboratory certified by the Department of Health and Human Services is required. If the Medical Review Officer (MRO) determines that an employee has misused alcohol or drugs in violation of this program, the City will remove the employee from safety-sensitive functions. The employee will not perform safety-sensitive functions until the employee meets the requirements established in this program which may include referral to a Substance Abuse Professional (SAP), participation in a rehabilitation program, return-to duty testing, and/or follow-up testing.

This procedure cannot be used by covered employees to avoid the consequences for a positive test or a refusal to test.

### PROCEDURE

If an employee self-identifies a problem with misuse of alcohol or drugs, the City will refer the employee to a SAP. Prior to returning to a safety-sensitive position, the employee will be tested.

If the SAP determines that the employee requires participation in a rehabilitation program, the employee will be referred to his/her own medical insurance plan and/or the City's Employee Assistance Program (EAP). The City is not required to pay for treatment beyond the cost contributed for those programs as stated in the AFSCME MOU.

## VIII. PRE-EMPLOYMENT ALCOHOL AND DRUG TESTING

### A. Preface

Prior to performing any safety-sensitive functions for the City, the employee or applicant shall undergo testing for alcohol and drugs. The City shall not allow a covered employee to perform safety-sensitive functions unless the employee has been administered an alcohol test with a result indicating an alcohol concentration less than 0.02% and has received a drug test result indicating a verified negative test result.

D. Consequences

1. Any covered employee who tests positive on a drug test or has an alcohol test result of 0.04% BAC or greater will be removed from the safety-sensitive eligibility list and will be subject to the provisions in Section IV. The employee may, however, reapply for future safety-sensitive position with the City and will be subject to testing in accordance with this program at that time.
2. If the pre-employment alcohol test result indicates a BAC of 0.02% or greater but less than 0.04%, the employee will have the right to request retesting of the second split specimen at their expense. If the retest result is negative, the employee will be reimbursed the cost by the City and the employee will be considered for the safety sensitive position. If the retest is positive, the employee will be removed from the safety-sensitive eligibility list and will be subject to the provisions in Section IV. The employee may, however, reapply for future safety-sensitive positions with the City and will be subject to testing in accordance with this program at that time.

After obtaining written consent from the employee, the City must request information from previous DOT-regulated employers regarding alcohol tests with results of 0.04% or higher concentration, verified positive drug tests, refusals to be tested and other violations of DOT agency and drug and alcohol testing regulations. In respect to any employee who violated a regulation, the City must obtain documentation of the employee's successful completion of DOT return-to-duty requirements.

B. Procedures

1. The City will obtain the written consent of any employee seeking to begin performing safety-sensitive duties for the first time, such as a new hire or an employee transferring into a safety-sensitive position. If the employee refuses to provide this written consent, the City will not permit the employee to perform safety-sensitive functions.

2. The City will request the following information from the employee's previous DOT-related employers:
  - a. Alcohol tests with a result of 0.04% or higher alcohol concentration.
  - b. Verified positive drug tests.
  - c. Refusals to be tested (including verified adulterated or substituted drug test results).
  - d. Other violations of DOT agency drug and alcohol testing regulations.
  - e. With respect to any employee who violated a DOT drug and alcohol regulation, documentation of the employee's successful completion of DOT return-to-duty requirements including follow-up tests. If the previous employer does not have information about the return-to-duty process (e.g., an employer who did not hire an employee who tested positive on a pre-employment test) the City will seek to obtain this information from the employee.
  - f. This information obtained from a previous employer includes any drug or alcohol test information obtained from previous DOT-regulated employers. The City will obtain a release of information from the new hire. This release will accompany the request for information, and will maintain a written, confidential record of this information, including the date, the party to whom it was released, and a summary of the information provided.

6. The City must comply with requests for two (2) year drug and alcohol testing histories from any future employers of personnel covered by this policy.

## X. RANDOM ALCOHOL AND DRUG TESTING

### A. Preface

Covered employees are required to submit to alcohol and drug testing on a random basis. Twenty-five percent (25%) of the average number of covered employee positions shall be subject to random alcohol testing in each calendar year. Fifty percent (50%) of the average number of covered employee positions shall be subject to random drug testing in each calendar year. The City will change the minimum annual percentage testing rate in compliance with any change by the Federal Highway Administration (FHWA) Administrator to increase or decrease the annual violation rate. The FHWA annual violation rate is based on the reported rate for commercial drivers.

### B. Procedures

1. The Provider shall randomly select a sufficient number of covered employees for alcohol and drug testing during each calendar year to equal an annual rate not less than the minimum annual percentage rate established by the FHWA Administrator.
2. The Provider shall select covered employees for random alcohol and drug testing by a scientifically valid method, such as a random number table of a computer-based random number generator matched with the covered employees' Social Security numbers, City identification numbers, or other comparable identifying number. Under the selection process used, each covered employee shall have an equal chance of being tested each time selections are made.
3. Random alcohol and drug tests shall be unannounced and the dates for administering random alcohol and drug tests shall be spread reasonably throughout the calendar year.
4. Each covered employee who is notified of selection for random alcohol or drug testing shall go to the test site immediately. If a notified employee is performing a safety-sensitive function, the employee shall cease to perform that safety-sensitive function and go to the testing site as soon as possible.
5. A covered employee shall only be tested for alcohol while the employee is performing safety-sensitive functions, four (4) hours before the employee is to perform safety-sensitive functions, or four (4) hours after the employee has

ceased performing such functions. The employee will be on City paid time during the testing process

6. A covered employee may be tested for drugs at anytime while the employee is at work for the City.
7. The City shall not require any covered employee to submit to a random test while the employee is off work. If a covered employee is off work, the City will skip the employee's name and the next employee's name on the selection list will be selected and tested. The City shall document that the employee was off work and that the employee was in the random selection pool for that cycle. If the employee's absence lasts for more than thirty (30) days, the pre-employment testing provisions of this program shall apply.
8. Employees performing safety-sensitive functions may be tested for alcohol with a pre-trip inspection. . However, if the pre-trip inspection is not appropriate, the employee may be requested to perform other safety-sensitive functions (e.g., driving a truck or loading a truck) in order to comply with the requirements for alcohol testing.
9. Upon notification of a Negative Dilute, the City may immediately re-test the employee.

#### C. Consequences

1. Covered employees shall be subject to the referral, evaluation, and rehabilitation requirements in Section IV and may be subject to disciplinary action under Section VI if they refuse to submit to a random alcohol or drug test or if they have an alcohol test with a result indicating an alcohol concentration of 0.04% or greater or a drug test with a verified positive test result.

In addition, the employee will be evaluated by the SAP and develop a treatment methodology, if necessary, and may be subject to the referral, evaluation, and rehabilitation requirements in Section IV.

## XI. POST-ACCIDENT ALCOHOL AND DRUG TESTING

### A. Preface

As soon as practicable following an accident, the City shall test a surviving covered employee for alcohol and drugs where the accident has resulted in any one of the following conditions:

1. Death of a human being.
2. Bodily injury to a person who, as a result of the accident, receives medical treatment away from the scene of the accident.
3. The covered employee received a citation or there is a high probability that the covered employee will receive a citation for a moving traffic violation arising from performance of a safety-sensitive function with respect to the accident. In the case where it is not immediately known if the above criteria is met, the employee will provide a sample and the sample will not be tested until it is determined that the criteria for post-accident testing are met.
4. At least one (1) of the involved vehicles is required to be towed from the scene of the accident.

Following the accident, the covered employee will be tested as soon as possible, not to exceed eight (8) hours for alcohol and thirty-two (32) hours for drugs.

### B. Procedures

1. These procedures do not supersede the Vehicle Use Policy contained in the City of Morgan Hill's Administrative Policy and Procedure Manual or any other departmental policy or procedure regarding reporting of vehicle accidents, incidents, citations, or damage.
2. The covered employee shall notify his or her supervisor as soon as possible following an accident. The covered employee shall refrain from using alcohol for eight (8) hours following the accident or until it is determined that a post-accident alcohol test is not required as provided below. Any employee leaving the scene of the accident without appropriate authorization prior to submitting to an alcohol or drug test or being released by the supervisor will be considered to have refused to test.
3. The supervisor at the site of an accident shall:
  - a. Attend to any emergency needs of employees, passengers, pedestrians, etc. by requesting medical, fire and/or police assistance and the presence of another supervisor;

- b. Take the covered employee involved in the accident aside and give the employee a direct verbal order to abstain from alcohol and drugs until after they have been tested or until after eight (8) hours for alcohol or thirty two hours (32) for drugs and to stand by at the site until the supervisor has determined if the accident is one requiring a post-accident alcohol and drug test;
  - c. Evaluate the accident to determine whether a post-accident test is required under this program and document with written notes the supervisor's decision to require or to not require a post-accident alcohol and drug test.
4. If the supervisor at the site affirms that a post-accident alcohol or drug test of the covered employee is required, the supervisor shall take the following actions:

- a. The supervisor shall inform the covered employee the test is required by the OTETA. The supervisor will also explain that by refusing to take the alcohol and drug tests, the employee will be subject to the mandatory referral, evaluation and rehabilitation requirements of Section IV. . Refusal to take the tests will subject the employee to disciplinary action in accordance with Section IV.

Any employee who refuses to submit to a post-accident test as required by federal law shall be terminated from employment pursuant to Section IV. The employee will be offered the opportunity to be safely transported home. If an employee appears to be impaired, refuses the post-accident alcohol and drug test, and intends or attempts to drive home, the City will inform the employee that it is required to notify the proper authorities.

- b. The supervisor shall transport the employee to the designated collection site to take the necessary tests. The supervisor shall inform the employee that they have a right to request a steward. However, the process will proceed whether or not the steward is present. The supervisor transporting the employee will stay with the employee, verify the employee's identification at the collection site and later return the employee to the employee's division or work unit.
- c. If the covered employee is injured and requires off-site treatment, the supervisor shall escort the employee to a hospital or other appropriate treatment facility. The hospital will be requested to collect the necessary specimen and provide safe-keeping until the sample is picked up by the City collection agency.

- d. The supervisor shall ensure that the covered employee does not perform any safety-sensitive function until the employee is cleared by the post-accident test results. This includes ensuring that neither the covered employee nor any other employee involved in the accident operates the vehicle any further. If necessary, the supervisor will move the vehicle or request another employee not involved in the accident to do so.
5. If the supervisor at the site of the accident determines that the accident does not meet the criteria for a post-accident alcohol and drug test, the covered employee may continue to perform safety-sensitive functions.
6. If the covered employee is taken into police custody at the site of an accident and the site supervisor has affirmed that the accident is one requiring post-accident drug testing, the City's collection agency will be requested to test the employee for alcohol and drugs.
7. If a post-accident alcohol test is required and is not administered within two (2) hours following the accident, the City shall prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight (8) hours, the City shall cease attempts to administer an alcohol test and shall prepare and maintain the same record.
8. If a post-accident drug test is required and is not administered within thirty-two (32) hours following the accident, the City shall cease attempts to administer a drug test and shall prepare and maintain on file a record stating the reasons the test was not promptly administered.

#### C. Consequences

1. Covered employees shall be subject to the referral, evaluation, and rehabilitation requirements in Section IV and shall also be subject to the disciplinary consequences of Section VI if they refuse to submit to a post-accident alcohol or drug test or if they have a post-accident alcohol test with a result indicating an alcohol concentration of 0.04% or greater or a drug test with a verified positive test result.
2. Any covered employee who has engaged in conduct in violation of Section III concerning the use of alcohol or who has had an alcohol test with a result of 0.02% to 0.04% BAC or greater shall not perform a safety-sensitive function until the employee has submitted to a return to duty alcohol test with a verified negative result. In addition, the employee will be evaluated by the SAP and develop a treatment methodology, if necessary, and may be subject to the referral, evaluation, and rehabilitation requirements in Section IV.

## XII. REASONABLE SUSPICION ALCOHOL AND DRUG TESTING

A. Preface

The City shall require a covered employee to submit to an alcohol and/or drug test when the City has reasonable suspicion to believe that the employee is under the influence of alcohol or drugs.

B. Procedures

1. The City's decision to require a covered employee to submit to a reasonable suspicion alcohol and/or drug test shall be based on a supervisor's determination that reasonable suspicion exists that the employee is in violation of Section III . The City's determination must be based on:

- a. Specific, personal, and articulate observations concerning the appearance, behavior, speech or performance of the employee; or
- b. Violation of a safety rule, or other unsafe work incident which, after further investigation of the employee's behavior, leads the supervisor(s) to believe that alcohol or drug use may be a contributing factor; or
- c. Other physical, circumstantial or contemporaneous indicators of alcohol or drug use

Suspicion based solely on third party observation, violation of safety rule or unsafe work incident is not reasonable suspicion for testing. However, such suspicion may be a basis for further investigation, or for action to protect the safety of others, such as ordering the employee to stop work.

No action shall be taken against a covered employee based solely on the employee's behavior and appearance, with respect to alcohol or drug use, without a positive test.

2. The supervisor will obtain the assistance of another supervisor, when feasible, to observe and document the above behavior or factors.

3. The supervisor shall inform the employee of the facts upon which the reasonable suspicion is based, advise the employee that the supervisor wishes to question the employee about the employee's behavior or conduct on which the reasonable suspicion is based, and advise the employee that he or she has the right to request the presence of a steward or other representative before answering the supervisor's questions.

- a. If the employee chooses to be represented, the steward or other representative will be allowed up to one (1) hour to arrive. If no steward other representative is available within one (1) hour, the supervisor should continue the procedure.

- b. The supervisor shall request an explanation from the employee concerning the employee's behavior or conduct on which the reasonable suspicion is based. If a satisfactory explanation is not provided, the employee will be tested.
  - c. The supervisor must complete the Observation/Incident Report within one (1) hour of the incident. The supervisor will provide a copy of the completed Observation/Incident Report to the Union. A copy should be given to the steward or other representative, if present, and another sent to the Union president.
4. If the employee refuses to submit to the test, the employee will be terminated pursuant to Section VI. The employee shall be offered the opportunity to be safely transported home.

If an employee appears to be impaired, refuses the reasonable suspicion alcohol and drug test, and intends or attempts to drive home, the supervisor will inform the employee that the City is required to notify the proper authorities. Again, an employee who has refused to submit to a post-accident test will be disciplined in accordance with Section VI.

5. If the employee submits to the reasonable suspicion alcohol and/or drug test, the supervisor will assign the employee to non-safety-sensitive duties until the supervisor receives the test results, unless in the supervisor's judgment, the continued presence of the employee in the workplace poses a significant safety risk to the employee or others or is disrupting the workplace. In that event, the supervisor shall place the employee on sick leave or other accrued leave and arrange to safely transport the employee home.
- a. If the alcohol and/or drug test is positive, the employee will be subject to the return to duty/follow-up testing program and procedures.
6. No supervisor shall physically search an employee or an employee's private property (purse, briefcase, car) based on the supervisor's reasonable suspicion that the employee has violated Section III.
7. The supervisor(s) or City official(s) who observe(s) the employee's behavior on which reasonable suspicion testing is based must have received at least sixty (60) minutes of training on alcohol misuse and an additional sixty (60) minutes training on drug use. The training must cover the physical, behavioral, speech, and performance indicators of probable alcohol misuse and use of drugs.
8. No reasonable suspicion alcohol testing may be done except while the employee is performing a safety-sensitive function, four (4) hours before the employee is to perform a safety-sensitive function, or four (4) hours after the employee has ceased performing such function.

9. If an alcohol test is not conducted within two (2) hours of the observation, the City must prepare and maintain a record stating the reasons the alcohol test was not promptly administered. If eight (8) hours have passed, the City will not administer the test.
10. A written record must be made of the observations leading to an alcohol or drug reasonable suspicion test and signed by the supervisor or City official who made the observations, within one (1) hour of the observed behavior or before the results of the alcohol or drug test are received, whichever is earlier.

C. Consequences

1. Covered employees shall be subject to the referral, evaluation, and rehabilitation requirements contained herein and may be subject to the disciplinary consequences of Section VI if they refuse to submit to a reasonable suspicion alcohol or drug test or if they have a reasonable suspicion alcohol concentration of 0.04% or greater or a drug test with a verified positive test result.
2. Any covered employee who has engaged in conduct in violation of Section III concerning the use of alcohol or has had an alcohol test with a result of 0.02% to 0.04% BAC or greater shall not perform a safety-sensitive function until the employee has submitted to a return to duty alcohol test with a verified negative result. In addition, the employee will be evaluated by the SAP and develop a treatment methodology, if necessary.

- a. The number and frequency of such follow-up testing shall be as directed by the SAP and consist of at least six (6) tests in the first twelve (12) months following the employee's return to duty.
- b. Follow-up testing shall not exceed sixty (60) months from the date of the employee's return. The SAP may terminate the requirement for follow-up testing at any time after the first six (6) tests have been administered if the SAP determines that such testing is no longer necessary.
